7th March 2023

RC- Cochin

Dr. J. S. Dorothy, Regional Director, IGNOU Regional Centre Cochin delivered the welcome address wherein the importance of celebrating Science Day was highlighted. Dr. V.T. Jalajakumari, ARD introduced the Resource person to all the participants in detail and his academic achievements among the 200 renowned young scientists in India were highlighted. Dr. Shalumon K.T. delivered the keynote speech on the topic "Research in Science and Innovations". The session was attended by around 25 participants and the recording of the session has been uploaded on the RC Cochin youtube channel and which can be accessed through the link <https://www.youtube.com/c/IGNOURegionalCentreCochin>

Dr. Shalumon K.T., Asst Professor, SH College, Thevara began his session by showing visuals of various innovative inventions in Science which have made our lives easier today. The connection between Science and Technology was explained and it was emphasized that the combination of Science and Technology lead to innovative inventions in IT field, chemical Industries, highly technologized accessories and even in clever toilets.

A nanoscale comparison between viruses and bacteria was explained and its implications in the present scenario of the Pandemic were clarified. The applications of Nanotechnology were explained with its basic level applications like fuel cells, solar cells Batteries etc. The use of Nanotechnology on the human body, Nano-bio-research like regenerative engineering or Tissue engineering was highlighted through various examples. The presentation was very informative and relevant as the applications of regenerative engineering are becoming a rapidly developing medical technology. The upcoming regenerative technology for human organs in modern times was highlighted and acknowledged by many types of research underway.

The Resource person then rounded off the session by highlighting the resources in terms of Scientific Institutions available in the field of science and technology, the opportunities available for those who are interested in Science discipline in terms of Higher education, Research and Employment purposes was also explained.

The session was then opened for discussions and the discussions were initiated by Dr. Praseetha Unnikrishnan, AD, RC Cochin. Dr. M. Rajesh, Senior Regional Director, RC Vatakara also participated in the session and appreciated the presentation made by Dr. Shalumon and by discussion made the session very interactive. The students raised many questions in the session and were clarified by the Resource person on the basis of Researches and Innovations in Science.

The session came to an end with the Vote of thanks by Dr. S. Vijayaragavan, ARD, RC Cochin. The Technical support for the session was provided by Shri. Mr. Muhammed Ansar, AEDP, RC Cochin and the session was coordinated by Dr. V.T. Jalajakumari, ARD and Dr. PraseethaUnnikrishnan, AD.

Webinar on the topic “Innovation and Technology for Gender equality” on the eve of International Womens Day

A webinar was organised by RC Bhubaneswar on 7th March to commemorate the International Womens day . The seminar was on the topic ” Innovation and Technology for Gender equality”. Prof. Madhimita Das, former Vice Chancellor, Fakir Mohan University, Balasore Odisha was invited to deliver the talk on the above topic. The seminar was witnessed by Students, counsellors, Coordinators and Regional Centre staff.

The seminar started with the Kulgeet of the university followed by a warm welcome by the Regional Director Dr.S.K.Tripathy. Dr.Tripathy in his welcome address highlighted the objective of the event and naratted the efforts made by RC Bhubaneswar for providing effective support sevices to the learners of this region. Prof. Madhumita Das gave a exhaustive talk on how the women of today have made their mark in every field in the society. She also acknowledged the contribution made by the great women for National Development. While speaking about the access of women in the digital world she said more efforts are required to be made for the women so that they will contribute on par with their male counterpart. After the presentation of Prof. Das a question answer session was held and all questions posed by the participants were suitably answered by the resource person. The seminar was coordinated by Dr.S.Panigrahi,ARD and vote of thanks was proposed by Dr.P.K.Jena,ARD. The seminar was concluded with National Anthem .

RC- Khanna

International Women Day

IGNOU Regional Centre, Khanna celebrated International Women Day on 7th March 2023. In the beginning of the programme, Sh. Parget Singh, S.O. made the initial remarks by telling the participants that the International Women Day is celebrated on 8th March every year in honour of women's contributions to society, economy, culture, and politics. It is also an occasion to consider the steps taken towards achieving gender equality in all spheres of life.

Dr. Santosh Kumari, Sr. Regional Director highlighted during her speech that the theme for International Women's Day 2023 is 'DigitALL: Innovation and technology for gender equality'.

According to the United Nations (UN), women make up only 22 percent of artificial intelligence (AI) workers globally. A global analysis of 133 Artificial Intelligence systems across industries found that 44.2 percent demonstrate gender bias.

"From the earliest days of computing to the present age of virtual reality and artificial intelligence, women have made untold contributions to the digital world in which we increasingly live," the UN stated." Their accomplishments have been against all odds, in a field that has historically neither welcomed nor appreciated them.

To commemorate this International Women day, Dr. Santosh Kumari presented her talk on the life history of Mrs. Savitribai Phule who was India's first female teacher & she dedicated her life as a social reformer, educationist & a poetess. She played an important role in fighting for women's rights in India during British rule and was described as one of the first-generation modern Indian feminists.

Dr. Kamlesh Meena, ARD has also highlighted on various aspects of woman as she is playing multi-farious roles, e.g., as Mother, Sister, Daughter & Wife. All the staff members contributed in the programme by depicting the achievements of women in all spheres of life.

In the end of the programme, Sh. Papu Singh, AR tendered a Vote of Thanks.
